The Arena

The Arena is the centrepiece of Park Village, a 2,700 ft² double-height converted Victorian riding arena.

At one end, a beautiful cast-iron spiral staircase leads to the original decorative viewing gallery and **The Stables**. At the other, a J-shaped infinity cove provides an eye-catching backdrop for 3D mapping, projections and set-dressing possibilities.

Hire of The Arena includes a large styling suite, often used as a breakout area, green room or cloakroom.

The Arena is wheelchair accessible with an accessible toilet.
